

Anthony Callea Comes Out With Full Support From Gay Community

27/03/07

National gay and lesbian website **SameSame.com.au** has given full support to Australian Idol singer Anthony Callea after officially confirming that he is gay this morning.

SameSame.com.au co-founder Tim Duggan said: *“Anthony Callea is one of the most well-known singers in the country and for him to acknowledge his sexuality in such an open and direct way is a watershed moment in the history of gay Australia.”*

Since first reporting the speculation over his sexuality on the site three weeks ago, the Same Same community has been abuzz with talk about the Australian Idol star. *“Our forums and members’ comments on stories have been going crazy over any news about Anthony,”* said Duggan. *“By coming out as gay whilst still at the top of his game Anthony has instantly gained the respect of people everywhere.”*

“Anthony has the full support of the Australian gay and lesbian community,” said Duggan. *“His honesty will go a long way in helping other people feel comfortable about their own sexuality and we applaud him for this decision.”*
